APRIL 19, 2004

SUPREME COURT CLERK
P.O.Box 30052
Lansing, MI. 48909

Dear Clerk of The Court,

My name Wendi Hall, and I am a citizen of this state and a registered voter. Recently, it has been brought to my attention that the Supreme Court is proposing changes in the current Court Rules affecting the 6.500 procedures.

I have a love one incarcerated within the M.D.O.C. to whom we are fighting for his freedom and we are under the firm belief that these changes will have an adverse affect on his chances for justice and return to his family and society.

The changes of concern are: "The one year tolling time limit to file 6.500 Motions; " The new language replacing cause and prejudice, which several Attorney's has told us they do not know the meaning of this new wording;" "And lastly, the proposed limit of 25 pages of the Motions."

As I close, I would urge the court to reconsider these changes in the interest of fairness and equality for the citizen's of this state and our incarcerated family members.

I thank you for your time and consideration in this very important matter.

Sincerely,

Ms. Wendi Hall
